PROFILE

I'm a recent Computer Science graduate with a strong passion for web development, graphic design, and digital marketing. I'm eager to kick-start my professional journey in the tech industry, and I'm committed to continuous learning and personal growth. I enjoy collaborating with others, and I thrive in team environments where I can contribute, learn, and solve problems together.

EXPERIENCE

- | | |
|-----------------------------|---|
| Oct 2024 – Present | Zuret Addis
Digital Marketing <ul style="list-style-type: none">I've been working as a digital marketer at Zuret Addis since 2024, managing their social media and collaborating with the developer team on their website. |
| Jul 2024 – Sept 2024 | National ID Ethiopia
Back-end development Intern <ul style="list-style-type: none">My role involved implementing image processing and facial detection algorithms to support secure and efficient identity verification, playing a part in strengthening digital identification infrastructure. |
| Sept 2025 – Present | Graphics Design/Content Creation
Freelance <ul style="list-style-type: none">I create engaging educational video content for YouTube, focusing on simplifying concepts and delivering clear, structured lessons.I work as a graphics designer, producing visual assets for branding, marketing, and digital media projects while collaborating with clients. |
